

Renewal Packing Information List

We'll be staying in heated cabins and lodges so students will need a sleeping bag/pillow for their bunk. All cabins have an attached bathroom so students can pack everything needed for showers. We also ask that you pack PLENTY of warm/outdoor clothes. We'll be spending a lot of time outside playing different games and activities as well as quite a few fun options indoors and your student will likely want to change more than normal throughout the weekend. It wouldn't hurt to check the weather report for Lawton, MI 49065.
